Mrs. Clement and Mrs. Jennifer Hurst-Crabb will be attending the California Dual Enrollment Conference this week. Along with attending many great workshops, they will also be accepting the California Exemplary Dual Enrollment Award. Ghidotti was one of nine schools in California that earned this award, and the only school in Northern California to earn this award. This award recognizes schools for their exemplary dual enrollment programming that provides opportunities to enroll in and earn college credits while in high school. Schools selected for this award demonstrate quality, equity driven dual enrollment programs.
